A black and white photograph of a school courtyard. In the background, a long, modern school building with large windows and a flat roof is visible. The courtyard is paved and contains several young trees planted in individual pits, each supported by a metal stake. A group of students is gathered near the building on the left, with one student in a wheelchair. Other students are scattered throughout the courtyard, some sitting on the ground. The overall scene depicts a typical school environment.

BASKETBALL

We are very proud to have become the first basketball team in East Valley's history as an AA school to achieve a winning season. In compiling our statistics we found that we set 22 team and individual records while compiling a 12-10 win-loss margin. We are eagerly looking forward to next year and even more success as we continue to build our program.

This year's East Valley Track team was the finest in our school's history, winning 10 straight dual meets, the All-Border meet, the Tri-District and placing 3rd in the State meet. We had a great group of Senior which we will all miss. It was a great pleasure for Mr. Shill and myself to work with such a fine group of young men.
